✅ **Information to Collect from Client**

1. **Theme Decision**
    - Should the website background and main sections use **pure white** or a **green-themed style** (as used on the front page)?
    - Confirm the **final color palette** (primary, secondary, accent colors).
2. **E-Rickshaw & Electric Bike Services**
    - Provide **high-quality images** of the **electric rickshaw** and **electric bike**.
    - Share the **name of the service plans** offered under each (e.g. Basic, Premium, AMC etc.).
3. **Lithium Batteries Section**
    - Provide **images of the lithium batteries** to be displayed.
    - Provide **specifications and details** for each battery (e.g. voltage, capacity, warranty, etc.).
4. **Chargers Section**
    - Share **images of the chargers** (one or multiple models).
    - Provide **detailed descriptions/specs** of each charger.
5. **Other Services (Optional)**
    - List any **additional services** (e.g. insurance, servicing, doorstep repair).
    - Include short **descriptions** and **images/icons** if available.
6. **Head Office Details**
    - Full **address** of the main Branch details
    - **Contact email** for service support.
    - **Head branch details**:
        - Address
        - Email
        - Phone number
        - Office working hours (if any)
7. **Super Admin Details**
    - Super Admin's:
        - **Full name**
        - **Email address**
        - **Phone number**

8. **Social Media Platform Links**
    - URLs for all **official social media accounts**:
        - Facebook
        - Instagram
        - LinkedIn
        - Twitter (X)
        - YouTube
    - Confirm where to place these (navbar, footer, or both).
9. **Final UI Review Approval**

- Once all details are added, confirm client will **review and approve** the final UI.
- Request feedback for any last changes.
